Romans,

A CITY STEEPED IN HISTORY

Famous for its boutiques and unique craftsmanship, Romans offers much more than just a charming setting. Discover its rich heritage and iconic landmarks, all located in and around the historic city center.

1 The Collegiate Church of Saint-Barnard

Founded in 838 by Saint-Barnard, this Benedictine abbey is the birthplace of Romans. Blending Romanesque and Gothic styles, it houses a remarkable treasure : nine embroidered tapestries depicting the Passion of Christ (on view during the season and guided tour).

2 Jacquemart Tower

A symbol of the city since the Middle Ages, this tower features a clock and an automaton that has long marked the rhythm of daily life. It once served as a prison gate and later as a public clock.

3 The Bandstand (“Kiosque”)

Erected in 1888 on Place Jules Nadi, this venue for concerts and cultural events was restored in 2018. It remains a vibrant, welcoming space in the heart of Romans.

4 The “Maison du Mouton”

One of the oldest medieval houses in Romans (15th century), its façade has been restored to reflect its original appearance. Today, it is home to the « Maison du Patrimoine » (heritage center).

5 Notre-Dame de Lourdes Church

Built between 1937 and 1938, this Art Deco masterpiece by François Béranger was inspired by the clean lines of Dom Bellot. Its 45-meter bell tower and nearly 7-meter statue of the Virgin dominate the skyline. Inside, discover the altar sculpted by Toros, a major figure in the Romans art scene.
